

CPESC EXAM REVIEW COURSE AND EXAM (Certified Professional in Erosion and Sediment Control)

March 4, 2010 (Exam on: March 05, 2010)

Approval by CPESC, Inc. is required to sit for the exam.
Certification is obtained via a specific process.
For more information visit: www.cpesc.org

WHO SHOULD ATTEND?

Any individual seeking Construction General Permit (SWPPP) Training on the following topics:

NPDES RULES AND REGULATIONS
CONSTRUCTION SITE STORMWATER STRATEGIES
PREDICTING SOIL LOSS
STORMWATER RUNOFF CONTROL
SOIL STABILIZATION
SEDIMENT CONTROL

The course will review material contained in the CPESC examination.
Any individual may attend the course.

PURPOSE OF PROGRAM

The public demands evidence of professional competence from persons whose activities affect the physical and economical well being of people throughout the world. Such professionals increasingly must be able to show evidence of their qualifications. The CPESC, Inc. certifies individuals based on thorough examination and review of an individual's educational, scientific and service activities in both the public and private sector. CPESC, Inc. has developed standards and procedures for certifying persons qualified to practice in the field of erosion and sediment control.

For information on the benefits and process for certification, see www.envirocertintl.org and California NPDES adopted General Permit: http://www.waterboards.ca.gov/water_issues/programs/stormwater/constpermits.shtml
